

In today's competitive business environment organizations need access to their business data in a format that will assist in making the right decisions, manage performance and drive results.

One of the greatest assets in an organization is the business performance data. Whether it's about cash flow, customer relations, sales, marketing, project management, human resource, etc. The management, business analyst and responsible personnel need to have up-to-date information and key-performance indicators at their fingertips in order to analyze the data, spot trends and make the right decision at the right time.

Quadra Dashboard can seamlessly access data from virtually any data source provides a visually stunning presentation of key business data in real time, through a wide range of user selected formats, with powerful drilldown to underlying data. It allows the management team to easily query key performance data, develop charts, reports, maps, identify trends and issues and take immediate action.

Stay focused on the big picture as you monitor the performance of your business using the Quadra dashboard. This administrative view allows you to see at a glance how your business is performing.

<p>Charts can display Estimation Vs Actual, Enquiry Vs Conversion, Profitability Analysis, Cost Break up per sq ft, Weekly Financial Status, Project Booking Status, Campaign Effectiveness, Cumulative Progress Chart, Marketing Activity Summary, Cost To Complete, Cash Flow Report, Pending Follow Up, Reports, Reminders, Alerts and can be customized to display information for given Project.</p>	<p>The charts can be re-arranged, printed, or updated with the latest real-time information on demand.</p> <p>Quadra Dashboard is specially designed for today's operational decision makers, combining three key features to meet these new information needs:</p>
---	---

<p>Data</p>	<p>Ability to access data from disparate sources which is compressed and consolidated into a single data package</p>
<p>Views</p>	<p>Quadra Dashboard provide innumerable views of the data giving users a 360° view of their business information</p>
<p>Speed-of-Thought Knowledge</p>	<p>Advanced visualizations and graphical displays present information in highly consumable formats, while never compromising the rich Analysis that users require</p>

<p><b>CONCLUSION</b></p> <p>Quadra Dashboard provides the ideal solution to satisfy decision makers by providing the key information on time.
